ONE-STOP SUPPLIER

For Supermarket Equipment

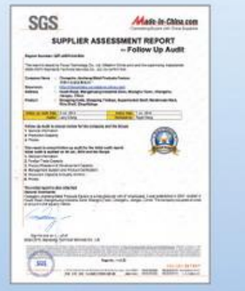

COMPANY PROFILE

We, **Changshu Jinsheng Metal Products Factory (Exporter: Suzhou Beisco Imports And Exports Co.,Ltd.)**, a market leader of the supermarket equipment industry, were established in 1998, specializing in development and manufacture of supermarket shelves, shopping trolleys and other storage equipment.

We currently have three factories in Changshu, with excellent product lines include supermarket shelf and shopping trolley as our main advantages, and have been acknowledged by most popular customers like Tesco, Carrefour and Lotte etc.

We provide one-stop service for global buyers, ODM& OEM are available, custom made is also welcome.

COMPANY HONOR

DEVELOPMENT HISTORY

In July 2006, we signed a 3-year co-operation agreement with Vishal India and the average annual order reached $2,000,000.

In May 2009, our major products were awarded with ISO & CE certifications.

In March 2007, we set up an oversea branch in India.

In 2011, we developed a new product - airport trolley

In July 2012, we passed the factory inspection and became a qualified supplier for Carrefour.

In 2015, we became a supplier for one of the biggest Chinese e-commerce companies: Jingdong.

We are getting a better future ---

1998 | ... ... | 2006 | 2007 | 2008 | 2009 | 2 010 | 2011 | 2012 | 2013 | 2014 | 2015 | 2016 | Future

In 2010, our primary marketing area shifted gradually towards Europe with annual sales in excess of $5,000,000.

In 1998, the factory was established.

In November 2008, we established the foreign trading company Beisco, started a cooperative relationship with Alibaba, became one of the first group of golden suppliers among the counterparts.

In 2013, we introduced advanced full-automatic welding equipment from Korea.

In 2014, we continued our oversea markets expansion to over 80 countries with annual sales exceeding $12,000,000.

In April 2016, we took on all airport trolley projects in Thailand. In July, we set up a foreign trading branch, the annual sales value is estimated to reach $15,000,000.
